

# NEW! Work Zone Safety Application Suite Now Available!

The American Traffic Safety Services Association has just released the NEW **Work Zone Safety Application Suite!**

Developed under the FHWA Work Zone Safety Grant for use on **both iOS and Android** smart phones and tablets, this **FREE** app can help you:

- Quickly determine both minimum device spacing and minimum number of devices needed for **merging, shifting, shoulder, or flagger operations**
- Calculate the number of devices you need
- **Customize** your results to incorporate local standards
- Learn about and apply best practices for **stationary lane closures and short duration operations.**
- **Set up** a temporary traffic control area.
